

Meeting with Veteran Organizations on March 28th

I am pleased to report that we are moving forward towards developing a policy regarding the POW-MIA flag at Village Hall. I am very grateful to everyone who has contributed to this effort.

On March 28th, along with Trustee Traudt and Village Clerk Pat Coon, I met with Montgomery Post #429 American Legion Commander Dennis McGuire, and Fitzpatrick Chapman Post Veterans of Foreign Wars Commander Gary Roome. It was a highly productive meeting focused on our goal of obtaining the recommendation from the Veteran organizations regarding the flying of the POW-MIA flag at the Village Municipal Building.

American Legion Commander McGuire will present the recommendation at the upcoming Village Board meeting on April 10th. And, this will be an important first step, not only towards developing a flag policy, but on future projects that involve our veterans. We discussed the idea of having a formal Memorial Day celebration to present the flag to the Village. And I am planning to move forward on a plan to create a Veterans Committee to make recommendations to the village for all veterans.

I will keep you posted on our progress as we move forward. As always, feel free to reach out to me.
